Notices should be fixed to the fencing displaying words such as 'Construction Exclusion Zone - Keep Out'.

All fencing shall be retained and maintained in good condition for the full duration of the construction period and considered sacrosanct unless otherwise agreed in writing with the LPA.

Within the fenced area, during the construction period:

(a) No spoil, vehicles, fuel, materials, temporary buildings or ancillary equipment shall be stored.
(b) Existing ground levels shall not be raised or lowered.
(c) No services shall be laid without the written consent of the Local Planning Authority.
(d) Materials likely to be injurious to trees, such as the mixing of cement or the discharge of contaminated fluids towards the trees should not be permitted outside the fence where contaminated fluids could drain towards the trees.

Construction of Tree Protection Fencing shall comprise of vertical 50mm scaffold tube (1.5m length with 0.75m in ground) fixed with vertical 4m lengths of 50mm scaffold tube with High Vis Plastic Fencing fixed to scaffold frame as shown.
