LEGEND

- Proposed tree
- Existing retained trees
- Proposed grass (see used mix advice below)

GENERAL NOTES

This drawing is to be used for planning information only, and is subject to alteration through changes to the specification or work as approved by the agent designer.

Any species substitution by the contractor must be verified with the Landscape Architect through the Job Agent.

This issue must be checked in accordance with NWSC Standards 2016 (Chapter 4.2 - Building new Trees & Shrubs, Footpaths and Landscaping) by the Regional Engineer prior to implementation.

Excavations: Contractors must ensure that they have full information relating to service and drainage positions before undertaking any excavation.

Root barriers to be used in association with tree planting adjacent to services / footpaths / kerbs etc. Supplier earth products or similar application, in accordance with manufacturer's instructions.

S500 WAINES

Foot verso to areas as shown unless otherwise specified. Supplier: General Seeds Ltd or approved alternative.

ANG - Amenity (native grass mix)

Germinal Seeds: Approved mix for "Gomer Low Maintenance Mix applied at 25kg/m²"

- 15% Enriched Ryegrass
- 30% Dandelion/Creeping Red Fescue
- 30% Bleeding Heart/Elfin Hair Fescue
- 20% Hard Fescue
- 10% Bermuda Sedge
- 5% Browning Bent
